WHY CHOOSE IT?

- Because it is versatile for cutting, reaming, roll grooving, threading.
- Because it threads the widest range of pipes: black, galvanized, plastic-coated, stainless steel, IMC & heavy wall conduit, rods.
- Because it maximizes uptime, due to large chip trays & oil reservoirs.

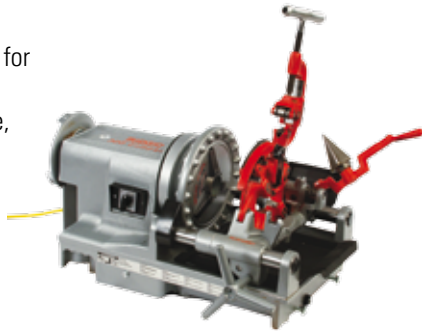

- Because it can be set-up and operated by one man, ideal groover for job site requirements
- Because it mounts quickly to RIDGID 300Compact, 300PD, 535 and 1224 threading machines
- Because it is providing maximum efficiency, capable of grooving 12" pipe.
